L&D Safety Markings is applying for a modification on DOT-E 12284 as outlined in CFR 107.121.

Due to an oversight L&D would like to have a material added to section 6 of the exemption Hazardous Material Table. Shipping Name: Paint, Hazard Class: 3, ID#: UN1263, Packing Group: II. With out it we can not fully comply with the exemption. In addition, we would also like to request at this time that this exemption becomes a permanent exemption.

We appreciate your immediate attention to this matter.

If you have any questions please feel free to call.

Sincerely

William Gray Ricker IV
Director of Operations
